

New Content Release from:

Learning Props®

Preparing your incoming Kindergarten students for what the new school year will bring for both them and their families is key to a successful school year. We are proud to re-release our updated:

On My Way to KINDERGARTEN A Learning Game

Our *On My Way to Kindergarten Game* (English and Bilingual-English/Spanish) is a fun and playful way to help your new students and their families prepare and focus on the adventure that lies before them. Children and their families practice their Kindergarten Readiness Skills on a fun-filled journey that ends with them being ready to meet their new Kindergarten teacher and the wonderful year that lies ahead. In addition to our learning path game for the children, we have also included many helpful resources and tools to help parents prepare as well. Such as:

- ✓ The teacher along with the child's family will be a team working together to support their child's learning and growth.
- ✓ Teaching parents to be prepared to partner with the school and participate.
- ✓ Teaching parents that the everyday things they do with their child matter so much. Good nutrition, getting a full night's sleep, understanding the new routine, and encouraging their child to embrace toileting, dressing, eating, etc. are all key to their child's development.
- ✓ In addition, we have included more "Fun Things to Do Together" to extend those learning opportunities. So, at the end of the path:
